Ms. Mullen

a message from the superintendent

To the Class of 2015

As I mentioned in my graduation speech, you have completed the final leg of your high school journey. Some of you probably feel a little sad about leaving Tri-County, a place where you have become very comfortable, but as you may already know, the greatest learning experiences often happen when you step out of our comfort zone. You left an indelible mark on Tri-County over your last four years, and now it is time to once again step out of your comfort zone as you move on to the next phase of your young lives.

Your teachers, administrators and other support staff at Tri-County have laid a strong foundation for each of you. If you continue to work hard, you will be successful as you move into the next stage of your lives. You are now ready to leave the nest of Tri-County and achieve great things in the years to come. Good luck to each and every member of the Class of 2015.

Sincerely,
Mr. Stephen F. Dockray

a message from the principal

Class of 2015

It was my privilege to meet and welcome you to Tri-County in September 2011. As we watched the senior slide show on graduation morning, it really emphasized to me how very far so many of you have come. You are now prepared for the next step in your educational or work career. It was my pleasure to proudly read your names at graduation on June 7. Congratulations to the Class of 2015!

Sincerely,
Ms. Mallon

good luck class of 2015

mr. joseph pedro

science instructor

Joseph Pedro has been a fixture in student life at TC for 34 years. In addition to his classroom teaching in science and math, he has earned the respect and admiration of many students as a coach and advisor. Mr. Pedro has coached teams to championships, chaperoned students across the country, and has attended more proms, dances, class trips and school functions than any other staff member since the schools inception. He has been creating an annual senior slideshow for so long that that some have speculated that he invented the concept. Mr. Pedro will be missed and his departure will be a great loss, but his humor, dedication and compassion will live on in the hearts and minds of generations of TC students.

mr. edward mcgrath

carpentry instructor

Ed McGrath began his teaching career at Tri-County in 1996. He brought his outstanding craftsmanship and attention to detail to every project he presented to his students. His standards were high and his ability to engage students was equally as high. His strength was in his knowledge of every aspect of the carpentry and cabinetmaking trade and he eagerly shared his skills and his passion with his students. In fact, looking back over the last ten years, most carpentry seniors built products for their senior project that were inspired by Mr. McGrath, from mahogany canoes to solid oak grandfather clocks to cherry wood pool tables. Ed touched his teaching colleagues as well. He was quick witted with just the right joke to lift our spirits. His kindness and generosity were appreciated as he contributed sweets and other goodies to staff on a regular basis. Ed McGrath is a gentleman in the truest sense of the word. He will be missed by students and the entire Tri-County community.

The memory I remember most from my time here is the sophomore year bonfire in the field I remember everyone hanging out and having a good time well the fire was lit

Armani Arroyo
The one thing about Tri-County that I will always remember is how crazy our parking lot was after and before school hours. All the lifted trucks and lowered cars that would rev their engine's and beep their horns in the morning was an awesome way to start my day. On the way down the drive way people could be observed driving the trucks up on the sidewalk, or even passing each other. Nothing was better than the smell of the burning rubber when taking off from the stop sign at the bottom of the driveway.

Natalie Berganza
They say high school is the best time of your life but for me, cheering these last four years with so many amazing girls was the best time of my life. I will always cherish the memories and laughs that has happened between my team members and I. I will miss the dearly but I will never forget them when I go off to college.

Brenna Blye
The best senior memories that I have had was being able to go to and compete at nationals, in Florida, with the best teammates I have ever had. Also, to be able to have such a successful cheerleading season by being back to back mayflower league champions, 3 time regional champions, and place 3rd at states and 4th at New Englands.

Andrew Boom
Boom
Freshman year when I got accepted into auto tech. That day was the best memory because that was my first pick for shop. Another good memory was going to the homecoming with my girlfriend last year. After that, a good memory was when I first got my permit and getting my first car. Also a fun memory is, going to prom with my girlfriend.

Sierra Brodeur
Mrs. Frohn called me sexy for a whole year because I melted my chapstick in my pocket. It was then an inside joke with the song "Sexy and I Know It".

Jenna Burke
Jburke, Jennabean
Sports, pizza parties were fun. I made a lot of friends through sports and through student council. I loved getting to know everyone!

Ciara Carter
CJ
The time we had a paper ball fight in Mr. Lang's class. Building the house with my shop on Beaver CT in Franklin.

Alison Cifizzari
My true friends in this school are the best memory of Tri-County I can ask for. Thanks to all the people who stuck by me. Love you all.

Taylor Cimeno
Tay, Tayter Tot, Tay-Tay
Freshman year New Years' Party."Here's to the fast times, the times we felt alive." "Paper chase, we'll get out of this place."

Emma Cohen

Student council, going to Patriot's place.

Jenna Cohen
I will always remember all the fun times I had in shop with the best people I have ever met. I will always remember the craziest, best times with the best people I will ever meet who made high school the best it could be. A.G, C.L, S.M, K.J, K.L, A.P, Y.J, J.R, M.M, A.B, and A.M. 333 for life!"Chin up kid, life's tough, but it goes on."

Courtney Cotter
Court
I have many memories in high school. I remember exploratory like it was yesterday. Meeting new friends and really figuring out what shop I want to be in. I have made and met many great people. I wish the best to all my classmates on what they will do after high school.

Nick Desmond
Dezzy
When Zack fought Tony in shop. When Pat fought Peter in shop (All in the same week) Getting away with many things and constantly bending the rules.

Philip DiMonte
Memory is finally leaving the school and not having to come back.

Michael Dryden
Mikey, Dryden, Mike D
My favorite memory of high school was singing and dancing to Biz Markie with my shop while demoing a concrete form. I'm gonna miss you guys, love ya CCL.

"You build on failure. You use it as a stepping stone. Close the door on the past. You don't try to forget the mistakes, but you don't dwell on it. You don't let it have any of your energy, or any of your time, or any of your space." - Johnny Cash

Liam Faulkner
Meeting the new people that became my close friends and having a great experience in shop with the people and with the teachers. Then in sophomore year I was able to meet the girl for me, Brianna Konicki.

First thanks to Mom & Dad. I wouldn't get up for school without you guys. Second thanks to my friends in shop who always kept me going through the work and saved me more than once. I can't say here all the good times that I had but I won't be forgetting them anytime soon. Lastly, friends & family will always be the biggest lesson that I learned because those people will be the ones who will always push you to do more and be better. Thank you.

Samantha Gitscher

When I broke the Tri-County girl's school record for the javelin throw junior year at a meet at Diman Voc. I was so happy I started screaming and jumped into my friend's arms as we started jumping around.

Bryanna Haskell
My favorite memory from high school was becoming best friends with Amber Webb during volleyball our freshman year. We are great friends to this day. Ill never forget when I cried with her in bathroom when I got accepted into my top choice college.

Ben Hogan
I remember being so terrified to come to a new school. I met my best friends and really opened up about who I am.

Sara Holden
Thanks to my mom and dad for supporting me with all my decisions. Going to perform in the Macy's Thanksgiving Day Parade, sophomore and senior year. Senior year is also my 15th year at Paula O'Malleys School of Dance. Becoming friends with Natasha Wright and Savanah Megna.

Kellie Hough
My favorite memory was spirit week. I will never forget that week of everyone dressing up and making it such a fun week. I really had some great times that week taking picture seeing people get all dressed up over the top having music playing during the week. Most of all I love the end of spirit week when we compete for the cup. I'll never forget my best friend FW.

Bass Pro car show was great. We did a burnout and went off roading. It was sick.

Kacee Leatherdale
I've had amazing memories within my shop. I've made friends that are like family to me, and I am so lucky to have people like them in my life. Through all of our ups and downs, through wonderful moments and learning experiences, they've taught me about love and life and have helped me into who I am today. "One must have sunshine, freedom and a little flower."

Alison Linehan
My four years at Tri-County have been quite interesting, to say the least. There's been a lot of ups and downs, but one of the closest memories I have are that of my social group, with Mrs. Walsh. I mentor and talk with a small group of sophomores as they go through their time here as I did. It has been an incredible experience with them, and I am sad to be leaving them.

Grace Lonzo
My senior memory would be meeting my best friend and making TC cheerleading history by going all the way to nationals.

Bethany MacPherson
My favorite part of high school was getting to know some great people and making memories with incredible friends. Without them, the past four years wouldn't have been nearly as complete.

Marina MacQuarrie

This school has helped me mature over the years. I've had ups and downs like anyone. However what will stay in my mind forever is Drama Club, Anime Club, and Game Club. I had the most fun there embracing my true geek. I've made great friends some I won't forget. I'm glad for how I evolved over the years, like a Pokemon evolving and learning new moves in a game. The memories I have with the school is having the best overall record this school's hockey team has ever had, winning. 2 possibly even 3 vocational championships in lacrosse. Although memories were exciting, the ones I will remember are all the fun memories I shared with the friends I made during these four years.

Savanah Megna
I could not have survived high school without some of my close friends M.K. K.J. and H.M. who have always given me the support I needed. "Don't let other people tell you you can't do something. Instead, show them that you can."

Junior year in CAD last period everyday during shop week, we had Mrs. Omelia and she was talking to all of us and the class wasn't really listening. so she said to the whole class and I quote "If you guys don't stop talking I will lay a big juciy one on you guys" now she was referring to a big juciy fart, and we all started laughing so hard it was super funny.

I met good friends working in the carpentry shop and on the jobsites. We had a blast telling jokes and talking while getting all our work done as a team. During the acedemic week, I would see my friends during class and at lunch.We would joke around even more at lunch as it was full of laughs more so than in class. I had a great high school experience with my teachers and especially all the other

students I met. I will never forget this experience!

Senior year was very enjoyable, seeing all of my friends again. We had some good times, had some laughs, overall the year was great. There isn't really any big memories that I remember being spectacular, but there were some good times being with my friends.

Tyler Senecal
I remember watching the kids drive their lifted diesel trucks like hooligans and doing burnouts in the school parking lot. It made them look really cool and I admire them much more after seeing all the sick things they do with their trucks.

Paul Shaw

My best memories in high school is walking down the halls yelling out to my friends and being loud. Also every weekend going out with my friends that I kept in touch with from another school. We always have the best times no matter what. It's the people who you surround yourself with that make high school years the best.

Rachel Tinley

For in school I don't have any good memories, but I have good memories outside though. My top three favorites are when I met my boyfriend David, when I got my acceptance letter from Johnston and Wales, and when my best friend told me she was pregnant and that she wanted me to be the baby's godmother. Those are my happiest memories from this year so far and my fourth will probably be graduation day.

Nicholas Tomasello
I remember coming to school in a daze every day. Sharp if I had coffee and I would always talk to Ryan Farin in front of me. I would go to my next class next to Shane McGregor, to Trig with Farin and Matt and off to lunch. I'd laugh until I cried some days. The best memory is leaving school, driving in my car, glasses on, first out almost every day.

Connor Trask
My favorite memory has to be meeting with my friends in the parking lot before school and participating in our daily "rev off." Please keep in mind that we all have super cool lifted diesel trucks.

Aaron VanVoorhis

Shop. Shop is going to be the thing I miss the most. All the jokes and new jokes we came up with every day. Shop is going to be the most memorable.

Hannah Varhol
My best memory in high school was before I walked through the front doors as a freshman for the first time. The moment I found out I was accepted, I was overjoyed because I no longer had to face bullies and I was able to get a fresh start. I made a lot of good friends and hopefully no enemies. But overall, there are no particular memories because all of my four years of high school have been memorable. Thank You. thumbs up big smile

Jake Ducharme

May the good Lord be with you
Down every road you roam
And may sunshine and happiness
surround you when you're far from home
And may you grow to be proud
Dignified and true
And do unto others
As you'd have done to you
Be courageous and be brave
And in our hearts you'll always stay
Forever Young

And when you finally fly away
We'll be hoping that we served you well
For all the wisdom of a lifetime
No one can ever tell

But whatever road you choose
We're right behind you, win or lose

Jamie Lonczak

Our Dear Jamie Lynn (James),

We can hardly believe that you are graduating from high school and will soon embark on your your college career. It seems like yesterday that we were going to your soccer and basketball games. I loved coaching you as you were always so eager to learn and compete. You have always been so competitive in everything you do, wanting to be the best, and helping those o your team to be their best. You are so smart and God had blessed you with many gifts and talents, the greatest one you exhibit is your compassion for others. You are very thoughtful of those around you and how your actions will affect them. We have watched you choose a diverse group of friends that are really good people. You have grown up into such a beautiful young woman and we couldn't be more proud of you. Through the years, you have accomplished much, whether playing soccer, basketball, running track, playing the piano, cheerleading, equestrian competitions, and academia. We have been amazed at you tenacity and drive. We love you more than you can even imagine and we love being a part of your life's journey. May God continue to bless you and give you your heart's desire.

All of our Love,
Mom and Dad, xoxo
